CERTIFICATE COURSE

6 Days Intensive Training Programme

Fee: ₹15,000/-

Date: August 24th, 25th, 26th & September 1st, 2nd, 3rd 2018

Six Sigma is an overall approach that combines Six Sigma concepts and tools to the lean manufacturing / lean enterprise philosophy, striving to eliminate waste of physical resources, time, effort and talent, while assuring quality in production and organizational processes.

Many organizations around the world are looking to Six Sigma to provide them the competitive edge, improve processes, reduce cost, solve organizational problems and develop skill base to sustain improvement over a longer period of time. Overall, the Six Sigma Green Belt module helps one to learn objectives of Six Sigma, contribute towards improving efforts in services, acquire knowledge of data collection, process mapping, analyze and implement Six Sigma concepts.

The best part about Six Sigma is that it is perfect for all businesses; it provides a holistic view of processes that need to be streamlined to achieve higher return on investment. Getting the workforce trained in Six Sigma Green Belt provides an in-depth understanding of the framework that in turn helps an organization to strive towards a common goal which is to improve the quality of the service or product.
